

**And now a word from
Peter B., Activity Aide Extraordinaire**

These unprecedented times have been difficult for all of us, especially our residents. At the end of the day, we are all still in this together.

As spring kicks off, we are excited for the opportunities that the warmer weather brings, especially for the residents. We look forward to cookouts on the patio, trips to the Ice Cream Stand and picnics at River Bend Farm. Our doors will be open soon for family to visit.

I am personally grateful for my coworkers, as we have worked really hard to get through this challenging time. As always, we continue to provide the best care that we can to our residents.

These are the six variations of the Valentine Wall Hangings. They are all masterpieces, don't you think?

Mary DiLeonardo, on her way back from the Hairdresser! Looking good, Mary!

SENIOR WHOLE HEALTH®

Senior Whole Health Coordinates the Care You Need When You Need it.

All your Medicare and MassHealth Standard benefits, plus we add more.

SPRING 2021

During the long haul of winter, after Christmas and New Year's, we watch the skies, the weather reports, and we peer out the window at the world outside as we count off the days and await the sights and sounds of spring. The snow that has fallen in January and February will melt and disappear into the thawed ground, all the while it will be feeding and nourishing the earth.

A rebirth of the vegetation will be pushing through the earth as it does each year. We wait with anticipation for what spring promises to bring: that first robin, the daffodils, crocuses, and tulips. The leaves on the trees will unfurl through the buds and open to put on a display of the almost neon green color as they begin their new life. The birds will sing out their songs and call to each other as we listen and watch in awe as the new life cycles begin each year.

And now we start the processes of planning for spring and summer.

Blaire House of Milford is proud to announce that we have received a **5-Star "Highest" Rating** from the Federal Centers for Medicare and Medicaid Services for overall performance and quality measures in Skilled Nursing care.
