**A Message from Kyle Romano,
Executive Director**

Greetings to all at the Blaire House Community!

We have recently lifted suspension on in-room family visits. We know that visitation is critically important to a long-term care resident's emotional well-being and quality of life. The Department of Public Health has published guidance for nursing homes, rest homes and assisted living residences on how to support safe visitation, both outdoors and indoors. Masks must be worn at all times throughout the building as well as in your loved one's room, regardless if all parties are vaccinated. This is for the protection and safety of our residents, as well as for yourselves. If you have questions surrounding these guidelines, please call the Activity Department for clarification at 508.473.1272 ext. 3519.

Have a Safe and Fun Summer!

Kyle Romano, Executive Director
